By Robert Fisk »

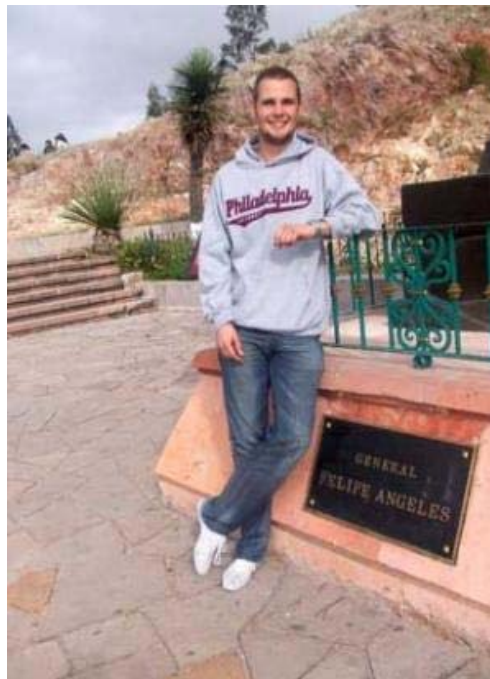

A DESPERATE appeal has been launched to save a student with a rare blood type who is fighting for his life in a Mexico hospital.

Philip Pain, of Eskdale Road, Bexleyheath, is in a coma after falling from a seventh-floor hotel balcony during New Year celebrations.

The accident broke both his legs, crushed his internal organs and broke his lower back.

It is not known how the former Dartford Grammar School pupil fell from the balcony.

But a toxicology report shows no sign of drugs or excessive alcohol in the 20-year-old's body.

Philip Pain is seriously ill after falling from a hotel balcony in Mexico
